Garden Map Guide

Last updated: June 30th, 2022

Introduction

Sometimes, it's difficult to find your way in the garden. We have created a map for the Elmsdale Community Garden to help explain where plants are located. This guide will break down the contents of each planting area. **This guide is not meant to be definitive** – it is an aide to help you find plants in the garden.

When reading each section, **plants are listed from back to front, left to right**. If multiple rows have been planted, the number will be in brackets: **(#)**. The planting areas have been organized as follows:

- 12 garden boxes, numbered **1 - 12**
- 13 additional planting areas, lettered **A - K**

When plants are ready to harvest, **we will highlight the planting area on the map and the contents in the guide.**

Updates on the garden will be regularly posted to our Facebook page and the Elmsdale Community Garden website. We will also post **signs in the garden to mark what is ready to pick.**

Once you've helped yourself to some fresh food from the garden, make sure to e-mail elmsdalecommunitygarden@gmail.com. All we ask for is the **number of people fed** with the food you picked. This helps us determine how many people are fed each year and help us showcase our garden to funders to keep the garden growing year after year.

Thanks for your support and enjoy some fresh food from the garden!

the Elmsdale Community Garden team
